

# OUR SOLAR PLANT NEEDS A NAME

South Deep has go-ahead to develop our solar plant project. This is an important step in our commitment to reducing our carbon footprint and making our Mine a **greener** operation. It is also a positive step for our sustainability as a business and employer.

**Our plant will be commissioned in Q2 2022 and needs a name!**

We are running a competition to find a great name for this exciting project

**We invite you to think of a name that meets these criteria:**

- It should capture the spirit of South Deep and its people
- It must be easy to pronounce
- It can be in any of our official languages
- It must be relevant to South Deep and renewable energy
- It should capture attention and celebrate our move to renewable energy

## TOP TEN

**WIN A PRIZE**

**The ten top entries will be chosen and each will win a prize.**

**These entries will then be narrowed down to the ultimate winning name.**

## This is how you can enter:

Think of a great name, following the criteria (you may nominate three names)

Send the name along with your industry number to this email address: [SD.communications@goldfields.com](mailto:SD.communications@goldfields.com) with Solar Plant Competition in the subject line / by WhatsApp to 072 204 7259 on or before 26 March 2021
